

STOKBORD® INDUSTRIAL

Changing the face of plastics

Recycled LDPE Plastic Sheet

Including **STOKMAT®** another new innovation from Centriforce!

- Market leading recycled plastic sheet
- Made from 100% recycled material
including Back of Store Packaging, Agricultural Farm Film Waste, Transit Packaging
- Tough and durable
- Fully weldable
- Take advantage of our “Buy-Back” and “Closed-Loop” schemes

STOKBORD®

is a highly versatile sheet which offers many more benefits than traditional plywood.

STOKBORD®

offers significant long term cost savings as it does not rot and needs no upkeep once installed.

Range

Thickness	Up to 25mm
Size	2440 X 1220 (Bespoke Sizes Available)
Finish	Smooth or STOKBORD® Embossed

STOKBORD® can be supplied in different colours, with coloured films and company logos on if required.

STOKMAT® used as ground protection on building sites

Could your application benefit from **STOKBORD®**?

If you think that **STOKBORD®** might be ideal for an existing or new application, such as the two shown on this page, we'd love to hear from you.

Let's share the value of innovation!

STOKBORD® used for bmx and skateboard ramps

Recycled PP & HDPE Plastic Sheet for Fabrication

- Our PP & HDPE sheet is much stiffer than alternative LDPE
- Fully weldable & CNC workable
- 100% recycled from high-grade material
including Post Consumer HDPE Plastic Bottles, HDPE Carrier Bags, Post Industrial Scrap
- Highly resistant to chemicals
- Tough and durable
- Over 30 years of proven success in recycled products

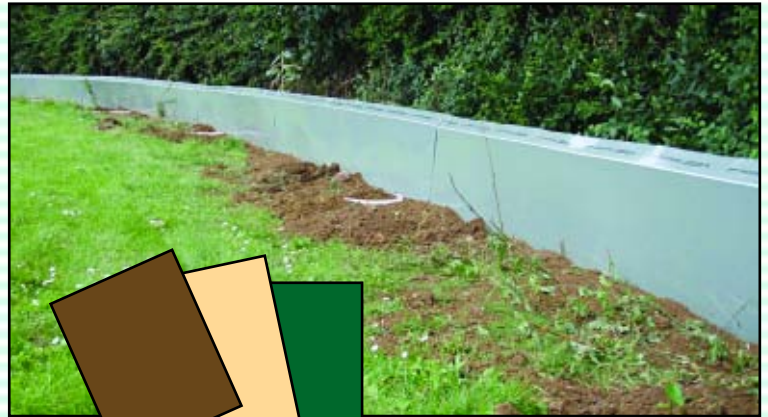

Centriforce are developing more and more “closed-loop” schemes with UK companies.

Why not turn your plastic waste into usable and sustainable product?

Range

Thickness	Up to 12mm
Size	2440 X 1220 (Bespoke Sizes Available)
Finish	Smooth or STOKBORD® Embossed

Our sheet can be supplied in different colours, with coloured films and company logos on if required.
