

STOKBORD®

FOR STABLES, MOBILE HORSEBOXES AND TRAILERS

STOKBORD® - is manufactured from recycled Polyethylene. Standard board size is 2440mm x 1220mm. In thicknesses of 6mm, 9mm and 12mm. Other sizes available to order.

- **Tough and Durable**
- **Easy to Install**
- **Highly Resistant to Chemicals**
- **Steam Cleanable & Non Absorbent**
- **Maintenance Free so No Painting**
- **Rot Proof - Non Toxic - Chew Resistant**
- **Widely available through local stockists**
- **Textured Surface - does not show scuff marks**

Stokbord® can be fixed to all types of surfaces and it is recommended that timber boxes should be prelined with a cheap plywood/chipboard before fitting Stokbord®.

Stokbord® has been used for over 20 years by top trainers & stable manufacturers and is the well proven, widely accepted material for stable lining.

It is recommended that the manufacturer's fixing instructions are consulted prior to commencing.
